

## ENVIRONMENTAL POLICY

*Crisp Bros & Haywards Pty Ltd are committed to achieving a high standard of care for the natural environment in which our business operates.*

*We will undertake to achieve the following objectives:*

- *Operate our business within the requirements of AS/NZS ISO14001.*
- *Recognise and comply with environmental laws and regulations.*
- *Comply strictly to the environmental procedures of the Company whose premises we have entered to perform our work.*
- *Ensure that all of our employees and sub-contractors are fully informed about any pertinent environmental, health and safety issues.*
- *Make use of natural renewable resources and conserve them through efficient use and application of careful planning.*
- *We will reduce, and where possible eliminate, waste generated through recycling.*
- *Careful consideration will be given to analysing the environmental risk in any construction activity; and*
- *Ensure involvement and full compliance by all of our employees in relation to environmental issues.*
